

Selleys Point Works - Tile Pointing Compound

Canonical:

<https://directory.selley.com.au/adhesives/construction-adhesives/selleys-point-works-tile-pointing-compound/>

Description:

Selleys Point Works is a tile pointing compound applied with a trowel and used to fasten (point) hip and ridge roof tiles. Forms an incredibly strong and durable bond between tiles and ridge. Passes fatigue loading conditions of Cyclonic Conditions (C3 & C4) as per Australian Standard AS2050-2018. Flexes with normal roof movement without cracking or breaking away. Ideal for new roofs and roof repairs.
