

Selleys Liquid Nails VBS Vapour Barrier - Two-Pack Epoxy System

Canonical: <https://directory.selleys.com.au/home-improvement-building-materials/flooring-adhesives-primers/selleys-liquid-nails-vbs-vapour-barrier-two-pack-epoxy-system/>

Description:

Selleys Liquid Nails VBS is a highly cross-linked, two-pack epoxy moisture vapour barrier system. Features one coat application with colour-coded mix for easy identification. Provides strong adhesion and very low vapour rate. Ideal for timber flooring subfloor preparation with coverage of approximately 6-8 m²/L per coat.
