

Pro Trade Joint Sealant LM - Polyurethane Sealant by Selleys

Canonical: <https://directory.selley.com.au/sealants/construction-sealants/pro-trade-joint-sealant-lm-polyurethane-sealant-by-selleys/>

Description:

Selleys Pro Trade Joint Sealant LM is a non-slumping polyurethane joint sealant with high movement capability, low modulus and excellent adhesive properties. Features high flexibility ($\pm 25\%$ joint movement), excellent resistance to weathering and ageing, non-slumping cure with no bubbles, and no shrinkage during curing. Suitable for both interior and exterior applications on vertical and horizontal joints.
